Postgraduate Diploma in Corporate Governance
The Independent Institute of Education (The IIE)

The IIE Postgraduate Diploma in Corporate Governance (PGDip (Corporate Governance)) is designed to enable understanding, implementation and interpretation of the critical role of corporate governance in business sustainability and economic growth. British Accreditation Council
The IIE is not only accredited in South Africa but its dedication to providing quality education also led to it being accredited by the British Accreditation Council (BAC) in 2014. The British Accreditation Council is an independent authority in the United Kingdom that accredits private providers globally, including Greece, Switzerland, Singapore, India, Mauritius and the United Arab Emirates. In 2017 The IIE had its accreditation status confirmed by the BAC as an Independent Higher Education Institution confirming our confidence in the international comparability of our standards.

“South African students need to know, when they select a private higher education institution, that the standards offered are equivalent to those of a public University. Our students get this from our extensive local accreditation and registration. The students also benefit from knowing that we meet international standards too. The IIE is accredited as an Independent Higher Education Institution by the British Accreditation Council. Locally and internationally we have demonstrated the quality of what we offer,” said Dr Coughlan, Director, The Independent Institute of Education.

IIE MSA students can be confident that their IIE learning experience meets international best practice standards.
